

Thank you for praying for this missionary Michael Bailey

The Holy Spirit is “falling” here in great Power long after I have departed an area.

While I ministered in the southern part of the city of San Salvador the Holy Spirit fell in amazing ways, and many lives were totally transformed. *“Weeks later one young lady asked permission in a youth group meeting to share a Bible verse, and the Holy Spirit FELL on her and she began to Prophecy”.* This was what I was told. I do not understand this and seems to be a new thing that God is doing here. This is just like the New Testament and I am thrilled to these days come to pass. As a result, I am being asked to teach the youth. I am also hearing other similar stories as well from others in different parts of the nation.

Here the Christian discipline of **“fasting”** is of major importance. (Luke 4:14). I am longing to see the open heaven here in this nation. Fasting brings the power of God into one's life.

One said to me.

“...he has many friends that is not interested in religion but is greatly interested in Jesus”.

my heart is heavy, and Here is the correct picture of the nation of El Salvador. I asked one lady here, how many in your church (of 3,000) take scripture memory seriously?” And she thought for a minute and held up three fingers! Shocked I was. We are not to have a “Church, Inc.” event but a Kingdom event. God is calling many into the Kingdom of God. Jerome put the word “Church” into the Latin Vulgate. And it is not in the Greek!

I ministered in one home, and **two more made a commitment to memorize five verses per day.** The youth in this home also was excited to discover that Disney created by the satanic Cabala, also created the old classical art in the big Family Bible that was in their home. Truly the Kingdom of God belongs to the youth (Matthew 18). The people love it when the Word of God is related to their everyday lives.

Nest weekend I will return to the volcano that has a lake to do **baptisms** and to do **follow-up** with the

people who received the Lord there. My first Bible study there lasted three hours. We sat in a circle and there were many questions. It became a heated debate. But each question received an answer directly from the Word of God. Two received healing after I prayed for them. One young lady was crying and said, *“I am so happy, but do not know why.”*

This is a very religious nation. Few have ever seen nor encountered the Holy Spirit in a meaningful way. **MOST ARE NON CHRISTIAN AND ALL LIVE THEIR LIVES WATCHING MOVIES.**

The home where I am staying, the father at this very moment is now spending time teaching his children (Luke 12:1)! He is one who also received a breakthrough from demonic power. It came with him falling on the floor and throwing up. He said, “Now I can look people in the eye”. I have encountered many demons here. And am thrilled to see the break through s over many people.

And we especially need your prayers at this time to see the nation transformed from religion, works and the law, to the Kingdom of God. To do this I will have to teach everyone how to Pray, fast, move in the gifts, serious scripture memory and study of the Word of God, evangelism, Kingdom of God that comes in the Power of the Holy Spirit, live in community, how to ministry house to house, build prayer mountains and train up the next generation of Apostles and Prophets. It is also interesting, I never take up offerings, just live by faith. My goal is Community.

There is also a great need to build a web site.

There is a need to develop a structured curriculum. Then the ministry will become transferable. I know that this nation is going to change for I was able to reach an island of one million in the Philippines in fifteen years. I will also need to become fluent in the language. As you can see there are many needs.

Thank you for praying because:

This ministry cannot move forward without your prayers, for it flows on the river of Prayer
